

The MBS-Consultation

Fiona Shakeela Burns

Mind, Body, Spirit Consultation for People with a Diagnosis of Cancer

Combining Herbal Medicine, Craniosacral Therapy, EFT, PSYCH-K
&
Matrix Re-imprinting

This is a 4-hour consultation. There are two time options:

Wednesday
10 am – 2.15 pm or 2 pm – 6.15 pm

This first part addresses the physical aspects of your disease:

- A full case history will be taken and any relevant examinations carried out. Your urine and saliva will be Ph tested and you will be assessed for the herbs and supplements most suited to you.
- You will learn about the healthiest way to eat and about juicing, as well as having a juicing demonstration and a glass of green juice half way through the consultation.
- You will also learn about the importance of coffee enemas and rectal implants and how to do them if this is relevant.

The rest of the session addresses the psychological, emotional and spiritual needs:

You will have a physical assessment using Craniosacral therapy, which will also help to mobilize your healing resources.

- We will together look a little deeper in to the emotional and psychological root- cause of your disease using PSYCH-K and Matrix Reimprinting.
- We will deal with 'diagnostic shock' and fear surrounding cancer.
- Having identified limiting beliefs, we will do PSYCH-K to transform them to beliefs which support maximum health and well being.

Half way through the session, we will break for a juice or a superfood smoothie.

If you need to stay in Bristol over-night, most clients choose to stay at Ferndale Mews, which is an economical and well-run B&B only 8 minutes walk from my house. Telephone number: 07508204322

During the consultation, I will prescribe some herbs and supplements for you. These will be based on the case history.

They may be a combination of anti-tumour, hormone-regulatory and immune-stimulating, supporting digestive system as well as nervous system balancing herbs. Please note that the cost of medicines and supplements are not included in the consultation price.

We will discuss the best kind of support to suit you.

Most clients choose to have regular appointments to support them which can be done both in person and by phone. These may be weekly, fortnightly or monthly depending on requirements.

You will take away:

- Your personalised regime of supplements with details of where to obtain them.
- A full resource list with addresses and contact details of various organisations and places to get further help specific for cancer
- Your herbal prescription
- A book, CD. And DVD list
- Your copy of 'The Health Focus Program'
- The realisation that anything is possible and the knowledge that bodies CAN heal!

This session involves 4 ¼ hours of treatment and costs £340 - cons. available

Follow-up Herbal Medicine consultations will normally be carried out at monthly intervals - your medicine will be changed from month to month.

Please note that due to the nature of this intense way of working, I only do one MBS Consultation per week – so you are advised to book early as I have a waiting list.

My website address is www.natureworx.com
To read my healing story, go to www.cancerucan.co.uk

My address is 30 Pinewood Close
Bristol
BS9 4AJ

Telephone number: 0117 9046343

To check availability, please email me on info@natureworx.com and I will offer you some dates. When your appointment has been provisionally booked, I will send you a 'New patient questionnaire'. When you have returned that to me completed, with a cheque for your non-returnable deposit of £100, I will confirm that your session is booked.

Please note that in order to cancel your appointment, I will need a week's notice or the whole amount is chargeable if I am unable to fill the slot at short notice. So long as you are able to give at least a week's notice, your full deposit will be transferred to another appointment or returned in full.
